

ShowingTime Showing Index April 2017

ShowingTime

ShowingTime is a leading market stats and showing management technology provider to the residential real estate industry. Its MarketStats division provides interactive tools and easy-to-read market reports for MLSs, associations, brokers and other real estate companies. Its showing products and services take the inefficiencies out of the appointment scheduling process for real estate professionals, buyers and sellers, resulting in more showings, more feedback and quicker sales. A mobile app equips users to schedule showings, review appointments, generate reports and more. ShowingTime products are used by organizations representing more than 900,000 real estate professionals across the United States and Canada. For more information, visit www.showingtime.com.

ShowingTime Showing Index

The ShowingTime Showing Index tracks the average number of buyer showings on active residential properties on a monthly basis. Our national and regional indices are computed based on a large sample of approximately 110,000 listings from 25 local markets across the United States. Our methodology focuses on properties listed by agents subscribing to ShowingTime's full appointment management solutions at the agent and office levels. It includes all buyer showing appointments requested or logged across all ShowingTime systems including ShowingTime for the MLS, ShowingTime Front Desk and ShowingTime Appointment Center.

The ShowingTime Showing Index tracks the average number of buyer showings on active residential properties on a monthly basis.

For inquiries, contact research@showingtime.com.

ShowingTime Research Team

Daniil Cherkasskiy | Chief Analytics Officer

Daniil manages the company's internal analytics systems, data warehousing and data product development. Prior to joining ShowingTime Daniil worked as a quantitative analyst designing trading strategies for the derivative markets. Daniil graduated summa cum laude from the University of Illinois at Chicago and is pursuing a graduate degree in predictive analytics at Northwestern University.

Michael Lane | President

Michael leads sales and marketing at ShowingTime. A founding management team member, he works directly with many of ShowingTime's 190+ MLS customers and many of the largest real estate companies throughout North America. Previously he served as a management consultant with A.T. Kearney and as a naval officer aboard nuclear submarines. Michael has an MBA from the Kellogg Graduate School of Management, a Masters of Engineering Management from Northwestern University and is a distinguished graduate of the U.S. Naval Academy.

Scott Woodard | Founder & Chief Executive Officer

Scott is an active leader in the Chicago technology community. His previous company, ZyLAB, developed the first PC search engine, which was then sold to a publicly held company. Scott has expertise in voicemail technology, having developed one of the first automated voice delivery and notification systems. He is a founding board member of the Information Technology Association of Illinois and formerly served on the board of directors of Woodard Development Corporation, a real estate development firm. Scott has a Ph.D. in Electrical Engineering from the University of Illinois.

ShowingTime Showing Index™

Methodology: The ShowingTime Showing Index™ measures showing traffic per residential property for sale by agents and brokers utilizing ShowingTime solutions for property-access management. A higher number means that an average home receives more buyer visits in a given month. All index values are scaled relative to initial index value set to 100 for January 2014.

United States Report

Summary

The national index was up 5.0% over last year. Most regional indices were up year over year, too.
